Mental Health Partners offers a diverse, quality work environment and a comprehensive benefit package. MHP application and background check required

If selected as a provider for this clinical service position, you will be required to provide proof of education and transcripts (and proof of licensure, if applicable) and pass all required background checks prior to hire. You will also be required to complete MHP’s credentialing process and attend new hire orientation/training before you will be able to begin work.

Bilingual in English and Spanish required – Must be 21 and have a Colorado Driver's license and a safe driving record

Job Description:
The Wellness Coach supports and complements students’ recovery and wellbeing by supporting students in setting and achieving their wellness goals. They deliver services that promote and facilitate clients’ achievement of these goals within the nine domains of wellness identified by Mental Health Partners (MHP): physical, mental, social, emotional, cognitive, environmental, spiritual, fiscal and creative. They will so build alliances and supports in the community that can serve as bridges to further client integration into the community.

The Wellness Coach promotes the recovery mission of MHP by assisting in identifying, developing, implementing and facilitating programs and curricula which address the 9 domains of Wellness. The wellness coach acts as a champion for and provides direct support to students in making choices, being self-responsible, self-motivated, and independent and in setting achievable wellness goals. The wellness coach meets people where they are and assists people in overcoming obstacles to community integration by identifying and establishing collaborative relationships with community partners in order to facilitate student participation in pre-existing community programs.

Essential Duties:
- Engages MHP staff and students in bridging and transitioning from traditional services to wellness program services and from traditional mental health treatment to independent living
- Identifies and reduces barriers to community integration
- Assists students in managing risk as clients take action to become self-responsible and independent
- Meets with small groups of students to assess and empower clients to identify goals and to take action steps to achieve their goals
- Creates and implements Wellness class curricula
- Assists with the on-going development and coordination of workshops and classes, and additional trainings for students, staff, and the community
- Facilitates or co-facilitates classes, workshops and trainings
- Assists students to integrate into physical health care treatment in the community
- Provides information to students about the importance of the integration of mind, body and spirit in enhancing their recovery process and improving their overall health and quality of life
- Serves as a champion of wellness and recovery education programming, including working with other MHP teams to ensure WREP integration across the entire service delivery continuum
- Monitors, reports, and enters data as needed to track program effectiveness and outcomes
- As a member of the Wellness Team, actively promotes a culture of staff wellness
- Is involved in Wellness Advisory Council and other relevant committees as needed
- Promotes and demonstrates MHP’s mission, vision and values through both behavior and job performance on a day to day basis
Specialized Duties:
- Effectively interacts and communicates with other MHP staff/clients/customers/partners/etc
- Regular and consistent attendance is required to perform other essential functions of the job
- Other duties as assigned

Minimal Qualifications:
- Bachelor’s Degree in behavioral health, social work, education, physical health or another related field
- At least one year relevant experience
- Prior experience in a behavioral health, physical health or educational setting is preferred
- Prior experience with education curriculum development and implementation preferred
- Must be bilingual in English and Spanish
- Must be at least 21 years of age with a valid CO Driver’s License and a safe driving record

Knowledge, Skills and Abilities:
- Uses knowledge of health disparities issues to develop a comprehensive Wellness Education Program in coordination with the Wellness Education Coordinator, the Wellness Program Manager, and Wellness Advisory Council
- Self-directed and able to work independently, as well as in a team setting
- Strong communication and interpersonal skills
- Commitment to and passion for the Wellness Program mission and vision
- Belief in each person’s ability to recover and achieve maximal wellness
- Teaches, educates, and coaches hope-inspiring practices
- Demonstrates awareness of and responsiveness to cultural and diversity issues
- Proficient computer skills, including knowledge of MS Word and MS Outlook. Prior experience or demonstrated interest in learning additional technology to support building a robust Wellness education program including marketing, data management, and presentations

Working Environment
- A combination of office, milieu, community and classroom environments
- May include working with people in acute distress or crisis
- Will require travel to several MHP sites throughout Boulder and Broomfield counties
- Must accompany clients to access resources in the community

Physical Activities/Equipment Usage
- Physical activities consistent with travel and/or the use of public transportation
